

# Aging With Grace

A Catholic workshop for empty nesters, retirees, caregivers and their loved ones.

Science may explain physical aging, but life experience and faith can teach us far more about how to cope with it. As we age or care for aging parents, we often wonder what the Church teaches about ethical medical decisions, the sanctity of life, and preparing documents, such as advance directives or a will. This event will help answer those questions and provide guidance and inspiration for the journey ahead!
