From Chaos to Glory:
About the Next Good Thing to Do.

April 22, 2023
9AM- Noon

April, Saturday before Holy Week

God has revealed to us that *God is love*. Now, love is *done, enacted*, so our God is an active God: always, doing, creating, saving—but gently, evenly, like the gravity that runs throughout the cosmos—and keeps our bodies. God is infinite harmony—we experience it as good order.

This means there are laws and norms in God Himself, so that in cre-

ating, God puts laws into His creation—this is how scientists can be absolutely confident that there are laws to observe, codify, and prove. In our human nature, as well, God puts the laws that guide us to fulfillment and happiness—He has given us the Commandments, and Jesus clarified and fulfilled them. Humankind through our history have gravely broken these laws—so that the harmony in God’s gifts is absent and we have divorce, violence, wars, suicides, abortions, hatred, atomic bombs, diseases. Happily, *we do not have a high priest who is unable to sympathize with our weaknesses, but we have one who in every respect has been tested as we are, yet without sin.* (Heb. 4:15).

About the Next Good Thing: Our holy Lord Jesus, crushed by the disharmony of sin, did not despair but trusted—and we trust God with every Next Good Thing we do.
