

Come enrich your faith!

The St. Junipero Serra Institute is devoted to the evangelization mission of the Church. Courses are for those seeking personal growth or strengthening skills for parish ministry. The Institute's structure allows one to choose their area of interest (tracks), and advance at one's own pace (levels). The Institute also offers the capacity to take courses independently.

Some of our course offerings:

- Evangelization & Catechesis
- Introduction to Apologetics
- II Vatican Council
- Biblical Foundations
